Three More Bassano Boys Receive Military Medal

Among the list of Canadians who have recently received the decoration of the Military Medal for distinguished service, appear the names of Sergt. W. R. Stewart, Pte. F. C. Sanderson, and Pte. B. G. Boyd.

Sergt. Stewart, it will be remembered, was employed at the old Bassano pharmacy, and enlisted in the medicals.

Pte. Sanderson, was on the staff of the Union Bank for some months previous to enlisting in the Cavalry detachment at Medicine Hat.

Many Bassano people will remember B. C. Boyd, and the pride of his brother, G. W. manager of the Union Bank will be shared by those who had the privilege of knowing him during his stay here.

The Military Medal is a very coveted distinction in these days when V. C. exploits gain hardly more than a mere mention in despatches.

Pte. Boyd not only has the medal but he will be amongst the winners of our boys to gain the decoration.

One Military Cross and three Military Medals is a record which few towns can claim and it proves that our slogan has something to back it up beside the dam site.

Gem To Have Short Course School

The Department of Agriculture are sending a short course from the 8th to the 10th of August inclusive to Gem Colony in behalf of The Women's Institute.

The Demonstrators will be Miss M. E. Storey, Domestic Science, and Miss A. MacKenzie, Home Nursing. The meeting will be held in the school house.

BELGIAN RELIEF FUND

As a result of our special appeal for the Belgian children we are able to forward a sum of \$68.00 to headquarters.

We desire to extend our thanks, on behalf of the Belgian children, to those who have heard their cry and so generously responded.

We cannot refrain from commenting on the fact that out of four donations, two were the offerings of societies. The Red Cross ladies, are to be most heartily congratulated upon the noble spirit which prompted their donation of \$60.00 and we trust that so generous a gift from a society which is endeavoring to meet its own obligations and finding the task a heavy one will have a rich reward.

We also extend our thanks to the Majorville Union Church for their donation in recognition of the cause, for we know how hard it is for any Church to meet its expenses these days.

We append herewith the list of subscribers, and we trust that when so many of our citizens realize that their name does not appear on the honor roll of pecuniary sacrifice they will hasten to rectify their oversight.

Previously acknowledged: \$91.59
J. H. Stiles \$5.00
Majorville Union Church \$5.00
Rev. W. S. Bowdler \$5.00
Red Cross Society \$60.00
\$126.59

The Fund will be continued until August 1st to enable a few more people to realize their obligation at the present time.

Editor: E. G. ALLEN.

Ottawa has presented a sight during the recent debates upon conscription which must make all sane, loyal Canadians revolt.

Canada's fair name is being ruthlessly trodden in the mire of party-politics at a time when party-politics should be forgotten in the urgency of a national policy.

Sir Wilfred Laurier is conducting a national policy of his own but the nationality he is fighting for is not Canada it is Quebec. We do not blame him so severely as we do Frank Oliver, for Laurier has, at least, the cry of his constituents behind him. Oliver however is fighting for party and is sacrificing honor and Canada's welfare to his lust for office.

Apart from Oliver Alberta's representatives have taken every party and have demonstrated their willingness to work for Canada and the Empire in the hour of need.

One of the greatest contributors to the distress and suffering and unrest in the world today is the lack of a sense of individual responsibility.

If we took an individual interest in the welfare of our Dominion such a thing as Food Control would never be needed. But though we all realise the utmost need of economy, we wait for an act of parliament which will cut down by law all the waste which could be eliminated by mutual consent.

It should not be necessary for a town like Bassano to have to incur the expense of hiring police to check the furious driving of motorists, and it would not if every driver realised his individual responsibility for the safety of citizens and the welfare of the community. But it is evident that the Council will have to adopt severe measures before long unless the auto driver takes a jump at himself.

If we realised our individual responsibility to the men who are fighting because they realised their responsibilities we should not need to be tagged and cajoled into subscribing for necessities and comforts for them. We would insist upon a tax being levied which would provide everything needed and a little over, for it is our duty not only to realise our own responsibility but to see that our neighbour does likewise.

BUY AN IRRIGATED FARM

From the Canadian Pacific Railway

BECAUSE

Irrigation makes the farmer independent of rainfall, and insures good crops, and occasionally, but EVERY YEAR.

Irrigation makes possible the successful culture of alfalfa, the king of alfalfa, which insures good returns in dry and mixed farming.

Irrigation means also dry farming and climatic control, with all the advantages of densely populated agricultural community.

Irrigation in the Canadian Pacific Railway Irrigation Block is no longer an experiment, the years that it has been tried having absolutely demonstrated its success wherever intelligently applied.

This is the most liberal offer of irrigated farm land on record.

For full particulars, apply to

Allen Cameron, General Supt. of Lands
Canadian Pacific Railway, Department of Natural Resources
608 Elbow Street East, Calgary, Alberta.

You can buy irrigated land from the Canadian Pacific Railway at prices up to \$40 PER ACRE, with twenty years to pay and the privilege of a loan of \$2,000 for improvements (6% interest) on principal after first payment until end of fourth year, reduced interest if settlement conditions are complied with, and no water rental for first year.

Contract can be paid off before maturity if desired.

Contract can be paid off before maturity if desired.

Give Your Wife One

THOUSANDS of wives and daughters run their own Ford cars. They use them for shopping, calling, attending the theatre, taking the children for a run in the country or to school.

The Ford is as easy to operate as a kitchen range, no knowledge of mechanical details being necessary. Inexpensive to operate. A woman can call around town all afternoon, or take a 25-mile spin in the country, at the minimum of cost for gasoline oil, wear on tires, etc.

You couldn't give "her" a present she would appreciate more than this beautiful, modern car, with its streamlined effect, tapered hood and crown fenders.

New Anti-Glare Headlight Lenses.

Made Expressly to Comply with the New Headlight Law.

While we are not able to state definitely when the legislation regarding headlights will be enforced we believe it will take effect before the first of August.

We have purchased a large stock of Warner Lens and Corning Cornaphore, both of which not only comply with the law, but throw a beam of light if anything better than the old headlights.

Expresses Hope Of Peace During Year

People Will Be Compensated For Sacrifices They Have Made

Zurich correspondent of the Petit Parisien writes: Prince von Bismarck, the former German chancellor as saying in reply to birthday greetings from the city of Bismarck, Prussia, that he hopes this year would bring to the German people the longest of peace, a peace with compensation for their sufferings and sacrifices and an indemnity which would permit Germany immediately to resume the position she occupied before the war. This is the first time Prince von Bismarck has expressed himself on the subject of Germany's war aims.

Since Italy's entrance into the war, Prince von Bismarck, who at that time was German ambassador at Rome, has been living in retirement in Switzerland. It has been stated repeatedly that his presence in Switzerland was connected with the German peace efforts which he was supposed to be furthering, but according to other reports he is not in the good graces of the German government.

Minard's Liniment Cures Disasters.

Big Land Deals

Ranches and Farms in Southern Alberta Change Hands

One of the biggest land deals which has taken place in the Taber district for some years has just been closed whereby Albert Green has disposed of his farm and sheep ranch. The ranch has been sold to Mr. Coolidge for \$25,000, and Mr. Coolidge has since disposed of a half interest in it. Mr. Green's sheep ranch on Chin county consists of several sections and is an ideal sheep grazing area. It has been sold to H. Hagerman for \$84,000. This, however, does not include the sheep. The ranch is well equipped with buildings, including one of the most modern barns in the south country.

There is a great deal of land changing hands in the Taber district. The Cameron ranch, which was put on the market last fall, is being bought up, partly by new settlers and partly by people living in the Taber district. The outside edge of the ranch on the northwest has all been disposed of to a depth of four or five sections.

Overcoming Lack of Dyes

What appear to be reliable reports from England indicate that the united efforts of manufacturers and scientists are within measurable distance of overcoming the lack of dyes. What resources they possess, or how they have arrived at a partial solution of the need, will not, of course, be disclosed, but there is good ground for believing that the export trade which has been held up for the need of dyes will be fitted to some extent, assuming that the tonnage is at the disposal of the freighters. One agent visiting Canada maintains that the British manufacturer has hitherto been able to ship goods here at prices that have enabled retailers to prevent dry goods of certain grades mounting to big figures, and they have done so largely by economizing.

Compensation Not Likely

As compensation for the torpedoing of a Spanish ship, the German government offers at the first opportunity to arrange that a fleet of German warships will pass a Spanish harbor and, flying the Spanish flag, deliver a 21-gun salute. The Madrid Journal remarks (1) the occasion is not likely to arise soon; and (2) it is still a problematical matter whether Germany will have a fleet at the end of the war.

Nights of Agony come in the train of salubrious. The victim cannot down and sleep is driven from his brain. What grateful relief is the immediate effect of Dr. J. D. Kellogg's Asthma Remedy. It banishes the frightful conditions, clears the passages, and enables the afflicted to again sleep as soundly and as restfully as a child. Insist on the genuine at your nearby drugist.

Sad Dilemma

Bessie—Oh, Mabel, I am in a awful dilemma. You quarreled with Harry, and he wants me to send him a ring back.

Mabel—That's too bad.

Bessie—But that isn't his ring. I've forgotten which is his.

Wife—Robert, how can you stay away from home so late nights?

Husband—Oh, easily. I acquired the habit while I was courting you, my dear—Boston Transcript.

MAKES PERFECT BREAD

Colored Soldiers

Navajos and Utes are resisting registration in the United States army. The Navajos are to go on the warpath rather than be subject to draft for war. On the other hand, about 60,000 colored men have registered willingly. The contract is particularly striking in view of the pacifist sentiment of the negro and the always warlike disposition of the Indian. The Brooklyn Eagle is of the opinion that for modern warfare the negro is the better soldier than the Indian. He obeys orders. He is brave under fire. He is loyal. He is not afraid of death. A million colored men in uniform, by themselves, would be a vast man-power asset to any nation.

STRENUOUS WORK SOON TELLS ON YOU

Business Men and Breadwinners The Victims of Nervous Exhaustion

When worry is added to overwork men soon become the victims of nervous exhaustion—neurasthenia. The doctor calls it. Some have no reserve strength in their systems to bear the stress, which overtaxes that strength they have. If you find that you are nervous and not sure of yourself, if you sleep badly, and wake up tired and anxious, your nerves are out of order. Other signs are inability to take proper interest in your work; your appetite is feeble; your back feels sore; and you are greatly depressed in spirits. One or more of these signs mean that you should take prompt steps to stop mischief by nourishing the nerves with the food they desire. Do, namely, take the blood made by Dr. Williams' Pink Pills. These Pills have cured thousands of cases of nervous disorders, including nervous prostration, neurasthenia, St. Vitus dance and partial paralysis. Here is an example, Mr. E. H. Callahan, a well-known business man in Coleman, P.E.I., says: "I owe my present health, if not life itself, to Dr. Williams' Pink Pills. I had always been an active man, and when I began to run down I could hardly pay attention to it as I thought it only temporary weakness. As time passed, however, I found myself growing worse, and consulted a doctor, who said that I was not a business man, but that my nervous system was badly shattered. I lost flesh, my appetite was poor, and I was unable to do my work. I was obliged to stop my business and was confined to the house. Time went on and I was steadily growing weaker, and my friends were all greatly alarmed for my condition. In this condition I was strongly recommended to try Dr. Williams' Pink Pills, and as I decided to do so. By the time I had used three boxes I could tell that they were helping me. When I had taken eight boxes of the pills I felt able to attend to my business again, and people were surprised to see me again. I continued the use of the pills until I had taken twelve boxes, by which time I was feeling as well as ever. I did, and was being congratulated by all my friends on my full restoration to health. I feel that at the outset I would not only have saved much money from doctor's bills, but would have had renewed health sooner. I cannot speak too highly of these pills, and would recommend it to every man who feels weak, nervous or depressed."

You can get these pills through any medicine dealer, or by mail at 50 cents a box, or six boxes for \$2.50 from Dr. Williams' Medicine Co., Lowell, Mass.

"The Cowardly British"

"The German war does not with anything more than a new encounter with the enemy, and if the latter can be induced to show themselves again we will do the rest," says the Berlin Lokal Anzeiger. Meantime, the cowardly British remain safely out in the North sea, and the heroic warships which made such good speed from Portland remain unchallenged masters of the Kiel canal.

His Curiosity

"You saw that man beating his wife and did not interfere?"

"No," replied the victim, "I was in a hurry to get home."

"You saw that man beating his wife and did not interfere?"

"No," replied the victim, "I was in a hurry to get home."

"You saw that man beating his wife and did not interfere?"

"No," replied the victim, "I was in a hurry to get home."

No More Extreme Styles

U.S. Asks Women to Do Away With the Fella

"Cut the fella in clothing," is a war slogan to the fastidious from the council of national defense. In effort to hasten the economy in wool for the war, the U. S. government would have all men and women simplify their dress.

Sacrifice patchwork, flaring skirts, cuffs, unnecessary plaits and other fluff, is the advice to the public issued from a conference of wool and worsted manufacturers with the commercial economy board of the defense council.

No effort will be made to discourage the sale of goods made up in existing styles. The board and the manufacturers believe such a move would be wasteful. The campaign will be confined to next year's output.

The threatening shortage of wool for next year is causing grave concern and the board expects the program is to be of material assistance in making up some of the deficits.

Warts are unsightly blemishes, and must be paid for. Corns, warts and warts' Corn Cure will remove them.

To Treat Wooded Silos

Unrested Wood Subject to More or Less Decay

Silos built of untreated wood are subject to more or less decay. Certain conditions of moisture, favoring the development of the fungi, or decay, exist. Decay may be slow or rapid, and not sure of yourself, if you sleep badly, and wake up tired and anxious, your nerves are out of order. Other signs are inability to take proper interest in your work; your appetite is feeble; your back feels sore; and you are greatly depressed in spirits. One or more of these signs mean that you should take prompt steps to stop mischief by nourishing the nerves with the food they desire. Do, namely, take the blood made by Dr. Williams' Pink Pills. These Pills have cured thousands of cases of nervous disorders, including nervous prostration, neurasthenia, St. Vitus dance and partial paralysis. Here is an example, Mr. E. H. Callahan, a well-known business man in Coleman, P.E.I., says: "I owe my present health, if not life itself, to Dr. Williams' Pink Pills. I had always been an active man, and when I began to run down I could hardly pay attention to it as I thought it only temporary weakness. As time passed, however, I found myself growing worse, and consulted a doctor, who said that I was not a business man, but that my nervous system was badly shattered. I lost flesh, my appetite was poor, and I was unable to do my work. I was obliged to stop my business and was confined to the house. Time went on and I was steadily growing weaker, and my friends were all greatly alarmed for my condition. In this condition I was strongly recommended to try Dr. Williams' Pink Pills, and as I decided to do so. By the time I had used three boxes I could tell that they were helping me. When I had taken eight boxes of the pills I felt able to attend to my business again, and people were surprised to see me again. I continued the use of the pills until I had taken twelve boxes, by which time I was feeling as well as ever. I did, and was being congratulated by all my friends on my full restoration to health. I feel that at the outset I would not only have saved much money from doctor's bills, but would have had renewed health sooner. I cannot speak too highly of these pills, and would recommend it to every man who feels weak, nervous or depressed."

To determine the effect of a preservative on the wood of silos, the Federal forest products bureau began experiments in 1910 in co-operation with the University of Wisconsin.

About five years ago the experiments were begun the treated wood had not commenced to decay. Information in regard to the effect of the treated wood upon the surrounding silage was obtained by the first season, wood treated with creosote having been buried in the silage during the process of filling. This contaminated the silage sufficiently to give a strong odor, but the quantity of creosote in the feed could not be determined by analysis. The silage when fed to cows was not relished and two of the animals were affected slightly by it.

A Safe Pill for Suffering Women—The secluded life of women, which permits of little physical exercise, is a fruitful cause of derangement of the stomach and liver and is accounted for the pains and distress that so many of them experience. Parley's Vegetable Pill will correct the irregularities of the digestive organs, restore health and vigor. The most delicate stomachs can use them with safety, because their action, while effective, is mild and soothing.

No Danger

A few days ago a well-dressed and very charming young lady called in a four-wheeler, there being no taxi in sight. Just as she was getting in she noticed that the horse seemed inclined to frisk.

He was jumping about and switching his tail in a way that alarmed her. She was a timid little thing, so she addressed a few words to the animal.

"What's the matter, my dear?" she asked, smiling bravely. "That you will not run away with me."

"No, ma'am," he replied, "I have a wife and seven kids at home at present."

Minard's Liniment Cures Cuts in Cows

Not His Name

Kathleen had been put out to service, and her mistress had a very rosy view of the young girl. One day Kathleen was sent on an errand to town. She was longer than usual and her mistress stood in the porch as she came through the door. Kathleen was happy and her mistress observed:

"Why, Kathleen, what a rosy face you have today! You look as if the dew had kissed you."

Kathleen dropped her eyes, and murmured:

"Indeed, ma'am, but that wasn't his name!"

"Know how to wash cars?" asked the garage boss.

"Sure, know," said the seely-looking applicant for work. "You clean everything but the license plates."

Thrift brings Comfort instead of Sacrifice

THRIFT, the paramount national duty, applies to life as well as to money—to small personal outlay as well as to larger family expenditure. Applied to the daily shave, thrift means the use of a

GILLETTE SAFETY RAZOR

The Razor of National Service.

The Gillette reduces shaving time to five minutes or less—an actual saving of a week of working days a year. To the man who depends on the barber, it saves still more time, and from \$25 to \$50 or even more annually. This means the cost of one or several War Savings Certificates.

Moreover, there is not a man living with a beard to shave who cannot shave better with a Gillette if he will use it correctly—with the blade screwed down tight and a light Angle Stroke.

For the thousands of young men just reaching shaving age the Gillette Safety Razor is a source of good habits—not only thrift, but punctuality, personal neatness, and efficiency in little things. For yourself or your son, at home or Overseas, it is a splendid investment.

Write for "The Gillette Shave" and receive a Standard Set of Gillette's "Advice to the Shaver" and a Gillette Safety Razor Set of \$5.00. Packets \$2.50 to \$5.00—Combination Sets from \$6.00 up. Send for Catalogue.

Gillette Safety Razor Co. of Canada, Limited, Office and Factory 1 The Gillette Bldg., Montreal.

Filing It Up

Marion was saying her prayers.

"And please, God," she petitioned, "make Portland the capital of Maine."

"Why, Marion?" said her shocked mother. "What made you say that?"

Marion settled herself comfortably in the bed.

"Cause I made it that way in my examination paper," she said, "and I want it to be that."

Mother (at the dinner table): You always ought to use your capital, Marion.

George—I'm using it. I've got the dog tied to the leg of the table with it—Awwgan.

Clover Brand for Future

"Broadening of the Future" is the title of a book just published at New York which sets forth the view that one of Germany's enduring war lessons will be the introduction of a sort of broad daylight unknown. It will be neither light nor dark, but made from a combination of both colors of dawn, with a liberal mixture of dawn or meal. The dietary authority who advocates broad daylight says that the world has mistakenly been giving all its clover to animals, although, he says, exactly the "moral energy" which is required to make bread stave the purposes not only of bodily nourishment, but of "mental assistance" as well.

The Banner Spring Is a Sleepy Thing

It is made of 100 steel spiral springs, tempered in oil, that yield under pressure to every curve of the body, no matter how heavy or how light. It fits the sleeper.

Its Non-Rusting Enamel Finish is guaranteed not to damage bedding.

The genuine "Banner" spring is guaranteed for 20 years. Your dealer has it or will get it for you. Ask for it by name.

STILES, The Druggist

Local and Personal.

Mass will be said in Bowang again on Sunday August 5th. Religious instruction in the afternoon.

The Misses Mills and Pears were visiting in Calgary for the week-end.

In spite of the continued drought farmers in this section are anticipating at least half-a-crop.

Mrs. Foster announces that she will continue her music classes during the summer holidays.

Mrs. Holley and Mrs. Nash left on Sunday for Gladys, where they will spend a short holiday.

A. Stewart of Millmont purchased the first prize and champion Durco Jersey cow from O. and O. C. Miller at the Calgary Exhibition.

There will be no service at the Anglican Church on Sunday, as the Rev. Swinburn will be ministering to the people over the Red Deer.

W. Bramley received word this week that his eldest son John, has been awarded the Distinguished Conduct Medal.

Manager Fortier, who has been badly engaged raking, in the shovels for the Stuyvesant Baseball Team, returned to town on Sunday, wiser and richer for his experience.

His Honor Judge Greene of Medicine Hat, attended the Court of Confirmation of the Tax Enforcement Roll of the town on Saturday last.

Divine Service will be held in the Presbyterian Church on Sunday next at 7:30 p.m., Subject "The Vine-dressers." Immediately after a Congregational meeting will be held.

The next meeting of the Red Cross ladies will be held on Friday August 1st, at Mrs. Pettin's. The full arrangements for conveying the ladies to the rendezvous will be announced next week.

A meeting of the South Alberta branch of the Patriotic Fund, for the general executive and workers will be held in the Paget Hall, Calgary on Thursday, August 2nd at 10 a.m.

Have you seen the latest bargain? "Holeproof" Silk Hosiery for ladies at \$1.00 per pair box of three \$3.00. This is just one of Webster Bros. Bargains. Get in on it, Friday only.

Anyone who wishes to see war as it really is should see "War as it really is." Gem Theatre—Tuesday and Wednesday next week. A guaranteed picture of the Verdun battle.

Its strange how the continued use of auto's tends a man for equestrian feats. One of our local Ford dealers wrapped his cushions the other night for a wild and woolly brock. The result was wet pants and a resolve to stick to Lisale in the future.

The Berry Creek Agricultural Society will hold their third Annual Exhibition on September 7th at Pandora. They announce a Prize List of \$1500.00 and it is confidently expected that this year's fair will surpass all previous records.

We wonder how many of the Military Medal winners whom the Calgary Herald claims for Calgary now really belong to Calgary. We know that one, Bert, Stewart, is a Bassano boy and we insist upon this honor being shared with us.

A number of Bassano people started out on Sunday with the intention of taking in the Farmers' Picnic at Crowfoot. As night has been expected they took the wrong turning, but nevertheless they piloted by themselves and a pleasant time etc.

Under the auspices of the Red Cross Society an Ice Cream Social will be held on Friday evening at the home of Mrs. Pettin. A fine service will convey townspeople to and from the social leaving the Hunter Hotel at 8 p.m. One of the many attractions will be the special arrangement of the world famous clairvoyant and fortune teller, Madame ——— (concluded).

"War As It Really Is."

Because of its unbroken authenticity and its hundreds of exciting scenes of modern warfare, Capt. Donald C. Thompson's pictures have made a greater impression than any picture brought to Canada. It is said to imitate a film which could tell more about actual conditions on the front than this does. "War as it really is," which is booked to play at the Gem theatre on Tuesday and Wednesday next week.

Among the 500 scenes of "War as it really is," which is booked to play at the Gem theatre on Tuesday and Wednesday next week, are incidents showing every type of 1918 warfare methods. Many new innovations in fighting methods are shown, such as 12 inch guns in action, which is the largest in the world, a number of floating fortresses, used on the Yser River, great guns mounted on land, gas, specially built railways, and also armoured trains using 10 inch guns. The heavily armed motor cars, first used by the Belgians, and now turned over to the British, are seen in action. They are far different from any of the types commonly pictured as "tanks," the magazines. Armed with six guns they carry destruction into enemy ranks as an ordinary tank.

French fighting as it really is forms a large portion of the film, and actual fighting while the opposing lines are only a few yards apart will amaze anybody's half-staid old soul. Other thrills are provided by the flying corps section, where the Allied fleet of 50,000 aeroplanes is seen, and Capt. Thompson's shot with a French aviator, had the good fortune to film a battle in the clouds between a British and German aviator, in which the enemy's machine is hit in mid-air, falling to the earth and killing its pilot.

Just as all comes the surrender of hundreds of Germans in a barest attack, forced to give themselves up by the famous "curtain of fire" which cuts off their escape. They come forward, hands over their heads, calling "Herr Kommander." Over 10,000 of them were made prisoners in one day, when the Berlin War Office simply admitted that they had "lost a few prisoners."

WESTERN CANADA COLLEGE

Oldest and Largest Boy's Residential College between Winnipeg and Victoria Begins 15th Year.

Sir H. Baden Powell has said, "I do not know that the war will end, but I do know that the war will be won in 1918 when our greatest schoolboys will be serving the Empire adequately and efficiently through the all round training being given at present."

It is a serious duty for parents, no less than the giving of their children to fight the Empire's battles of today, to see that their sons are given an adequate training which will enable them to uphold the great traditions of bravery, civility, honor and justice which are being forced today at such a terrible cost.

Ever since its inception in 1903, Western Canada College has striven to impart these high ideals, and by its system of training, and strict discipline, by its tone influence and careful supervision, all that is conducive to the development of character is maintained.

The school training in gymnastic exercises and athletics, conducted under the supervision of a fully qualified expert, has always been a marked feature of this College where health is a first consideration so it enables every boy to develop a healthy physique—a sound mind in a sound body.

There are some of the results of the career of this College:

1. Seven masters and two hundred and five old boys have enlisted to battle for the Empire, fourteen of these having made the supreme sacrifice.

2. Scholarships, prizes and honours have been won at some of the best Universities such as McGill and Alberta.

3. The Sword of Honour, the most coveted prize of the Royal Military College of Canada, and the chief command of all the cadets there, is the proud possession of a Western Canada College old boy.

4. Some of the most successful farmers are old pupils of this College.

5. Many of the most rapid promotions in banks and business houses have fallen to Western Canada College old boys in the last few years.

6. The prominent citizens of Alberta and elsewhere of all denominations to professions, in business, in farming and ranching have shown their approval and confidence by sending their boys to Western Canada College.

With such a school right in the Province, there is no need to incur the great expense of railway fares to the East or West. Boys speak for themselves and prove that the training is equal to any in the Dominion.

Brooks Chataqua is an event of which every man woman and child should take advantage. It will entertain, instruct and elevate, and we have not the least hesitation in recommending the Chataqua to persons of every taste. The dates August 14th to 16th. Afternoon and evening performances.
